*Tehran, Iran
Fall 2020 – 2021*

- Supported students in developing fashion concepts, sketching ideas, and building cohesive mini-collections.
- Gave feedback on design projects, helping students improve silhouette, fabric choice, and presentation quality.
- Coordinated critique sessions and presentations, assisting instructors with grading and studio organization.

PROFESSIONAL EXPERIENCE

• Mashad Leather

Visual Merchandiser

*Iran (Multiple Cities)
Apr 2025 – Present*

- One of Iran's top luxury leather brands with over 70 stores, 1,000+ employees, and exports to 15+ countries, known for premium handmade products.
- Design visual merchandising concepts for multiple Mashad Leather branches across various cities.
- Create and implement seasonal window displays aligned with brand identity and latest trends.
- Style in-store layouts to enhance product visibility and improve customer engagement.
- Maintain high visual standards across all visual zones to ensure consistency and brand appeal.

• Tehran Institute of Technology (TIOT)

Fashion Design Expert

*Tehran, Iran
Jan 2024 – Apr 2025*

- Leading private educational institute in Iran with 30+ branches, offering internationally accredited programs and certifications.
- Supported students with sketching, patternmaking, and garment construction techniques.
- Provided feedback on design assignments, offering both creative input and technical guidance.
- Helped instructors deliver course content and organize hands-on workshops.
- Collaborated with instructors to keep students on track with class timelines and project milestones.

• Sigma

Visual Merchandiser

*Iran (Multiple Cities)
Feb 2021 – Apr 2025*

- Specialized in visual merchandising and full store setup for multiple brands; led projects from concept to launch, collaborating with marketing and sales teams.
- Designed and implemented visual merchandising concepts for multiple retail brands across different cities.
- Traveled to various store locations to set up displays, style mannequins, and design product placement.
- Created seasonal window displays and in-store layouts tailored to each brand's identity and market goals.
- Trained retail staff in product placement and visual merchandising best practices.

• Three Jeans

Fashion Product Developer

*Tehran, Iran
Feb 2021 – Sep 2022*

- Leading denim manufacturer in Iran, producing fabric and jeans for major fashion brands with full in-house design and production.
- Conducted market research to identify trending denim styles and customer preferences.
- Developed mood boards and visual concepts for upcoming jeans collections.
- Collaborated with designers and tailors on new product ideas and creative direction.
